TECHNICAL SUPPORT BRANCH

NAVIGATION BULLETIN NO. 06-30

NOTICE TO NAVIGATION INTERESTS:

BLACK WARRIOR AND TOMBIGBEE RIVER SYSTEM, ALABAMA

Coffeeville Lock at Mile 116 on the Tombigbee River was closed from August 1 through August 14 for repairs to the upper and lower miter gates. The lock reopened to navigation on August 14.

Point of contact is Anthony Perkins, (205)752-3571 or (205)391-7075.

The dredge KELLY L is continuing assignments in the Coffeeville Pool. Later, the dredge is scheduled to move below Coffeeville to remove warranted width restrictions. A lower Coffeeville gage reading of zero feet msl will now furnish project depth of nine feet.

The dredge will be working 24 hours per day, 7 days per week, and will monitor VHF channels 16 AND 7. Mariners are not to pass without proper exchange of signals and are to exercise due caution.

DUANE B. POIROUX
Chief, Navigation Section
